C. F. Rankin,
Hedgeville, Ky.

The Woman's Club will meet Friday afternoon at 3:30. Miss Hunt of Frankfort will speak in regard to a visiting nurse for the town and county. All ministers and doctors are cordially invited.

ENTHUSIASM.

Democrats all over the state are showing more enthusiasm this year than in any previous campaign, according to reports brought to Democratic headquarters by speakers who have been campaigning in all sections of the State.

RESIDENCE SALE.

The residence to be sold at public sale by Mr. James W. Smith on next Saturday, October 14th 1916, is one of the prettiest homes on Richmond street, is very modern in every respect and is located in one of Lancaster's most desirable residential districts.

WE MAY FURNISH TWO.

In dividing the United States into districts and serving notice on the district officers that one man must be recruited for every 1,000 people in his district, Secretary of War Baker Saturday inaugurated a new system of regular army recruiting.

NEW MANAGER AT HUBBLE.

Mr. Albert Sloan who has so successfully managed the Hubble Telephone exchange for the past four years has recently resigned and has been succeeded by Mr. A. R. Castle, of Lincoln county. Quite a number of improvements have recently been undergone and the system is one of the best in the state.

W. C. T. U.

The first meeting of the new year is Saturday at 2 o'clock. All of the members are urged to come prepared to pay their dues. The year extends from October 1916 to 1917. "Civic Righteousness" is the subject. Mrs. Allie Lear, the superintendent of this department, will have charge of the meeting.

MAY MEAN PEACE.

Despite official denials by Count von Bernstorff, the German Ambassador, and the United States State Department that Ambassador Gerard, returning from Berlin, is bringing direct word from Emperor William asking President Wilson's intercession for peace, the reports fail to down, and the dramatic arrival of the U-boat with papers for the Ambassador Saturday added zest to the reports.

GOOD SHOW.

The children of the Odd Fellows home, under the auspices of the local lodge, will give a delightful entertainment at the school Auditorium tomorrow night. Forty boys and girls will take part in this entertainment. A brass band of twenty-five pieces and a girl orchestra of fourteen pieces, will be well worth the small price of admission which is only twenty-five cents for adults and fifteen cents for children.

A MASTER STROKE.

And now they have gotten former President Taft going around making the charge that the eight-hour law is a force bill. The whole pack is now yelping in unison to that effect but the people see the purpose. Wilson and the Democratic Congress prevented the strike and did it because the interest of the country demanded it, not because the brotherhoods forced it. It was a master stroke by a master hand, and saved the country great loss and suffering.

MEDICAL MEN TO MEET.

The Central Kentucky Medical Association, composed of the counties of Garrard, Lincoln, Mercer and Boyle, will hold its annual meeting in Lancaster, Thursday October 19th. This promises to be one of the most interesting meetings held in several years and a full membership of the Association is expected and urged to attend. An elaborate dinner will be served at the Kengarian.

"FAIR AND WARMER."

The above is the title of the latest farce success, presented by Selwyn and Company, and will be shown at the Lexington Opera House Friday and Saturday with a matinee Saturday afternoon of this week. This splendid show returns in answer to a tremendous demand from all parts of the country. "Fair and Warmer" is the merriest of tales, divulged in three acts of mounting drama and high-pitched comedy.

DESERVED PROMOTION.

Everyone will be glad to hear that "Bert" Soper has been promoted in the L. & N. service as chief check clerk, but will be sorry to learn that he will have his office at Richmond instead of Lancaster, where he is so well and popular known. He assumed his duties there this week and his wife expects to join him in a few days. Bert is a hard worker, polite and thoroughly competent to perform the duties assigned him.

CANDY KITCHEN

In this issue of the Record appears the advertisement of the new Candy Kitchen, which has just been opened next door to the Puritan, on Lexington street, where fresh candies of every description is made and offered for sale at prices that are reasonable and that will appeal to the tastes of the most fastidious. Mr. Coy Sanders is the enterprising proprietor of this new venture in Lancaster and we speak for him a liberal share of your patronage.

CROWD AT STANFORD.

Last Monday brought a bumper crowd to Stanford and the streets and alleys were alive with live stock of every description, chief among them being the young hybrids, numbering several hundred. Quite a number changed hands at prices ranging from \$50 to \$110. Aged mules were a little draggy and extra choice ones found no buyers. Probably 1000 cattle were on the market and most of them sold at prices ranging from 5 to 7 cents.

FAMILY REUNION.

One of the most delightful reunions held in this section for many months, was the one at Mr. Robert Gaines' residence, near Crab Orchard last Sunday, in honor of Mrs. Gaines' parents, Mr. and Mrs. J. C. McWhorter. Nearly fifty friends and relatives of this happy couple assembled to do them honor and wish for them many years of unalloyed happiness. Among the guests from this section were Mrs. A. B. Estridge and family and Mr. and Mrs. E. C. McWhorter and family of Paint Lick.

DEMOCRATIC SPEAKING.

Hon. C. H. Brough, Democratic nominee for Governor of Arkansas, will speak in the Court House here next Monday evening, beginning promptly at 7:30 o'clock. Mr. Brough is one of the finest campaigners on the stump this year, the National Committee having assigned him to make thirty speeches in the state of Maine during the recent campaign. We are indeed fortunate in securing this highly educated orator for Lancaster. Every voter in the county should come out and give him a hearty welcome. Ladies especially invited.

"DAKOTA JACK" HERE.

Friends of Dr. J. J. Pursley and wife were glad to welcome them at their old home last week, where they have been making some sale contracts with the different drug stores throughout the blue grass. Dr. Pursley is a firm believer in advertising and he tells of some wonderful results that a few inches of advertising have recently brought him through the medium of the press. He has contracted with Stormes Drug Store to handle his goods in this territory and his advertisement will appear in every issue of the Record for several months. Read them.

"BILLY" IS ALRIGHT.

That "Billy" Swope, a former Lancaster boy, but now located at Lexington in making sure that he will not lose his vote at the coming November election, the Lexington Herald has the following to say:

"J. W. Swope, of the Fayette Cigar Company, went to Lancaster yesterday to register so he could cast his first vote at the November election for Woodrow Wilson. He had changed precincts here September 12 and could not vote in Lexington, the sixty-day precinct regulation preventing. He made the seventy-five mile trip only to find after his arrival there that registration was not required in Lancaster, the town being of the fifth class. Swope is one of the few persons of the Swope name in this section who is a full-fledged democrat."

FISHING PARTY RETURNS.

After a week's angling on the waters of Rockcastle river and full to overflowing with experiences of recent catches, squirrel pies, fried chicken, a la Charity, and Poplar Root sweet potatoes, the fishermen reported in our last week's issue, drove into Lancaster Tuesday night and have been entertaining their left-over friends with their many catches and happy hours spent at the home of Mrs. Charity Poynter, near the banks of the famous Rockcastle. Sad to relate however, they found the Cumberland river muddy and their entire time was spent on the Rockcastle. They all admit "we had fairly good luck" and give Judge Fred Frisbie credit for landing the largest catch, which was a seven pound salmon and measured twenty-nine inches. They report a total of about 75 fish (not pounds) caught during the week.

96 ADDITIONS

During Christian Church Revival.

The revival which closed last Sunday night after a two weeks meeting at the Christian church, resulted in 96 additions being added to this congregation. Dr. Crayton Brooks and Mr. Fred Warner, made many warm friends during their stay in our city, who will always remember them pleasantly and wish for them a rich harvest in their new fields. They go from here to Johnson City, Tenn., where they will conduct a two weeks meeting.

COBURN'S MINSTRELS

At Opera House Saturday Night.

The mere mention of the name "Coburn" sends a thrill of joy through one's body, and the fact that he is to bring his greater minstrel to the Lancaster Opera House next Saturday night, is indeed a joy that knows no bounds. Those who have seen this wonderful minstrel could not conceive that it could be improved upon, but we are assured that this years shows have reached the height of minstrelism.

The ensemble opening is a departure from oldtime stereotype groupings and ideas, introducing the entire company in Charlie Gano's latest minstrel conception "America's Millionaire Hunt Club" that has been royally received before Kings and Queens of many countries.

Reserved seats are now on sale at McRoberts Drug Store. General admission 50 cents, children 25 cents.

GOOD DEMAND

For Kentucky Red Berkshires.

The demand that has been created for the Kentucky Red Berkshires in the past few weeks has surpassed all records and the breeders of this class are making daily shipments to various states to fill their increased orders. W. O. Walker, of Stanford sold two boar pigs to James Sharpe of Georgia, for which he received \$40 and a pair to R. H. Sharp, of Texas, for \$20. Robert T. Bruce sold a number to Woodford county people at fancy prices, they going to a territory where the Duroc has had full sway for a number of years. James Burnside of this county sold five nice shoats to Ernest Hoover, of Jessamine, for which he received \$100. All breeders of this class report unprecedented sales and think the reputation that this breed has already established will make them the coming hog in the state.

DEMOCRATIC RALLY

A BIG SUCCESS.

Large Crowd Enjoy Good Speeches.

It was a rousing Democratic meeting held at the court house Saturday afternoon, when speeches were made by Messrs J. E. Robinson G. B. Swinebroad, G. C. Walker, J. I. Hamilton, R. H. Tomlinson, H. C. Kauffman, and Congressman Harvey Helm. The speeches were short but each speaker brought from the large crowd round after round of applause, when telling points were made in favor of the reelection of President Wilson. Democrats are becoming aroused and will get out a full vote on November 7th.

Many request were made that Chairman Elkin bring his team of speakers to the various school houses in the county before election day, which he has agreed to do.

FEATURE EDITION

NEXT WEEK.

Next week's edition of the Record will contain many interesting features embracing a write-up of some of Lancaster's prominent business institutions. The articles are entirely original and will be written by Mr. J. G. Claiborne, special feature newspaper man, who has been in the city for several days familiarizing himself with local conditions. There will be many extra copies of this issue circulated, assuring our advertisers of a very large audience.

RAISE ADVERTISING RATES

TO MEET COST OF PAPER

Paducah, Ky., Oct. 11th—Uniform rates for advertising and job work were adopted at the meeting of the First District Press Association in Paducah, and the high cost of print paper was discussed, but no remedy was with in the power of the newspaper owners. However, they agreed that expenses to meet the embarrassing condition could be reduced and higher rates on advertising, job work and subscriptions were suggested as the only alternative. A minimum rate of ten cents an inch for foreign advertising in plates was fixed, with five cents an inch additional if the type had to be set. A rate of not less than \$2.50 for cards, legal advertising and stray notices was agreed upon, as was a schedule of prices for job work. The next meeting will be held the last Friday in December.

J. A. Coburn's Greater Minstrels, at Roman's Opera House next Saturday, October 14th.
